

## YOU CAN MAKE A DIFFERENCE!

Pioneer Electric Cooperative offers members the opportunity to support renewable, alternative power sources in order to improve the environment.

You can participate in the EnviroWatts® program for as little as \$2 a month. With each 100-kilowatt hour block of EnviroWatts you purchase, 100-kilowatt hours of electricity are produced from renewable energy sources. This effort helps care for our resources and use them wisely.

I want to enroll in the EnviroWatts program and support the research and use of renewable energy. I agree to pay the extra charge of \$2.00 per 100-kilowatt hour block on my monthly electric bill as indicated below:

- 1 block at \$2.00/month
- 2 block at \$4.00/month
- \_\_ blocks at \$2.00/month (*per block*)
